

Pig Family Series

The first few books in the Pig Family Series were originally part of the Reception Series until the decision was taken to separate the pig characters from the cats and dogs.

The consequence of this decision was the development of the Pig Family Series as a set of books to reinforce the Reception A and B Series.

Objectives of the Pig Family Series:

- 1: to reinforce the letters/sounds introduced at the beginning of the Reception A and B Series.
2. to reinforce high-frequency irregular words
- 3: to keep the use of vowel digraphs to a minimum.
- 4: to have no direct speech, and hence, no speech marks.
- 5: to minimize the use of adjacent consonants which need blending.
