

## Information for Teachers

### Combining Consonants Guide

#### Introduction

The Consonants, Blends and Clusters Series books 1-10 were first written in the year 2000. Books 11-14 were added later to introduce the verb endings 'ed' and 'ing'. The reason for the addition of these books was to keep the progression of teaching compatible with the National Literacy Strategy of 1998.

We had a large reprint of all the books in June 2007.

Then in September 2007 the Department for Education introduced its phonic teaching programme 'Letters and Sounds'. This document recommended that the teaching of the verb endings 'ed' and 'ing' should be delayed until Phonic Phase 6, i.e. after all the vowel phonemes and their graphemes had been taught, and not as in the National Literacy Strategy.

Now that we are coming to the end of our 2007 print run, we have decided to have only five of the original books revised and reprinted. As well as revisions to the text these five books also have enhanced pictures.

The revised books are:

Book	Revised title	Original title
1	<i>The Fox Cub</i>	<i>Sniff, sniff</i>
2	<i>Two Chicks</i>	<i>Two Chicks</i>
3	<i>Down the Well</i>	<i>The Small Red Ball</i>
4	<i>The Red Spotty Cloth</i>	<i>The Red Spotty Cloth</i>
5	<i>In the Ditch</i>	<i>Catch</i>
